

JUSTIN TJANDRA

justin.tjandra@gmail.com | Cengkareng, Jakarta Barat | +62 813-8624-1124 | [LinkedIn/justin-tjandra](https://www.linkedin.com/in/justin-tjandra)

Computer Science fresh graduate with hands-on experience developing web applications and full-stack systems. Strong foundation in software development, database management, and problem solving, with experience using modern technologies such as JavaScript, ASP.NET, and SQL. Adaptable, collaborative, and eager to contribute to building efficient, user-friendly solutions while continuously learning new technologies.

EDUCATION

- | | |
|--|-------------|
| Bachelors in Computer Science, BINUS University | 2022 – 2026 |
| ● Current GPA: 3.63/4.00 (<i>146 credits</i>) | |
| High School Diploma – (SMA Mutiara Bangsa 1) | 2019 – 2022 |
| ● Natural Science | |
| ● Grade: 86.50 | |

WORKING EXPERIENCES

- | | |
|---|-------------------|
| Intern, Web Developer, PT. QPRO Sukses Mandiri | 02/2025 – 02/2026 |
| ● Led and supported 3 projects requested by the Ministry of Health and other collaborated hospitals, ensuring alignment with regulatory and technical requirements. | |
| ● Collaborated in rebranding and modernizing EMR website features, improving both UI and backend architecture. | |
| ● Developed customized dashboards used by multiple hospitals, improving data visibility and decision-making efficiency to support data-driven decision-making. | |
| ● Refactored backend logic using MVC architecture, improving performance and maintainability while optimizing database queries for better system scalability. | |
| Part-time Intern, Community Partner, KodeKampus | 09/2023 – 10/2023 |
| ● Created and managed promotional videos for events, with a focus on programming education, effectively attracting many participants. | |
| ● Actively engaged in webinars, answering coding-related questions, and providing technical support to enhance the participant experience. | |
| ● Worked on editing video content and managing group communications, reaching over 100 students. | |

ORGANIZATIONAL EXPERIENCES

- | | |
|--|-------------|
| Academic Event Activist, BINUS HIMTI Organization | 2022 – 2024 |
| ● Organizes and manages HIMTI academic events in collaboration with companies, including seminars, workshops, and webinars | |
| ● Coordinated the BCA x HIMTI webinar event, managing the promotion and registration of over 300 attendees. | |
| 2022 – 2024 | |
| ● Developed structured summaries to aid students in understanding coursework, supporting 400+ students. | |
| ● Collaborated with other activists to distribute resources and ensure accessibility for peers. | |
| Member, Bina Nusantara Computer Club (BNCC) | 2022 – 2023 |
| ● Participated in C programming workshops, learning fundamental algorithms and improving coding efficiency. | |
| ● Designed a snake game in C, implementing data structures and problem-solving techniques to solidify programming skills. | |
| ● Worked with peers on solving algorithm challenges, which improved coding efficiency by 80%. | |

HONORS & AWARDS

- | | |
|--|---------|
| ● BNCC Completion Award Snake Game Code, BNCC | 10/2023 |
| ● Algorithm & Data Structures with Python of Samsung Innovation Campus, Skilvul | 03/2022 |
| ● Basic & Advanced Python of Samsung Innovation Campus, Skilvul | 03/2022 |

SKILLS

Language: Bahasa Indonesia (Native), English (Fluent)

Technical Skills: JavaScript, TypeScript, Python, PHP, C#, React.js, HTML5, CSS3, Tailwind CSS

Backend: Laravel, ASP.NET MVC

Database: MySQL, PostgreSQL

Tools: Git, Figma, Notion

Soft skills: Problem Solving, Analytical Thinking, Communication, Agile Workflow.
